Long-time Avalanche fans and supporters Amber Homes provide grand prize for 10th Anniversary Celebration

August 08, 2005 - DENVER - Long-time Avalanche fans *and* supporters Jim and Linda Harmon of **Amber Homes** are generously providing our grand prize -- a beautiful, brand-new new home in their newest development, Bonnyview at Aberdeen. The "McGraw" home is a stunning, 1,500-square-foot row home featuring high ceilings, spacious master suite with walk-in closet, two additional oversized bedrooms, brick or stone exterior with tile roof, charming covered front porch, and a two-car attached garage. Best of all, it's located in Amber's master-planned community, Aberdeen, in Commerce City. Not only will our winner enjoy this fabulous new home, they'll become part of a well-planned community that includes a neighborhood activity center, pool and sports court, not to mention sweeping views of distant mountains and open plains.

Jim and Linda Harmon started Amber Homes in 1998 in order to provide high-quality homes at exceptional prices in the Denver metro area. Because of their consistency, dependability, and commitment to their buyers, the company quickly grew in size and reputation. To date, Amber Homes has sold more than 800 homes in seven communities stretching across the metro area.

Jim and Linda have shared their success in too many ways to count, but notably by sponsoring "Miracle on 19th Street," in which Amber employees and community members--including Avalanche players--come together on Christmas Day at the Denver Chop House every year to feed and clothe the needy. They also built the first "Inspiration House" at their Eagle Creek development. Proceeds from the sale of that home went to another cause close to their hearts, the Home Builders Foundation, which remodels homes for the handicapped. They've also raised money for other non-profits, including some of the Avalanche players' personal foundations.

Because of their dedication to both business and community, the company has won numerous awards. Among other honors, Amber Homes has been recognized as a top business numerous times by both the *Denver Business Journal* and *Colorado Biz* magazine. Jim and Linda also won the "Hero Award" from the Home Builders Foundation, and were named "Child Advocates of the Year" by the Denver Children's Advocacy Center. Their contribution of a brand-new home to the Avalanche's 10-year anniversary celebration is just another way for the Harmons and Amber Homes to give back to a community that means so much to them.
